Speech in Hindi: "Why India was called Vishwa Guru in the Past"

नमस्कार।

आदरणीय प्रधानाचार्य जी, सम्माननीय शिक्षकगण, और मेरे प्रिय साथियों।

आज मैं "भारत को अतीत में 'विश्व गुरु' क्यों कहा जाता था" इस विषय पर अपने विचार साझा करने के लिए खड़ा हुआ हूँ।

जब भी हम अपने इतिहास के स्वर्णिम पन्नों को पलटते हैं, हमें भारत की वह छवि दिखाई देती है, जो पूरी दुनिया के लिए ज्ञान, संस्कृति, और आध्यात्मिकता का केंद्र थी। भारत को 'विश्व गुरु' कहा जाता था क्योंकि यह न केवल शिक्षा का बल्कि नैतिकता और मानवता का भी केंद्र था।

शिक्षा और ज्ञान का केंद्र:

भारत के महान गुरुकुल और विश्वविद्यालय, जैसे तक्षशिला और नालंदा, पूरी दुनिया में प्रसिद्ध थे। दुनिया भर से छात्र यहाँ पढ़ने आते थे। इन स्थानों पर सिर्फ विज्ञान, गणित, और खगोलशास्त्र ही नहीं, बल्कि चिकित्सा, कला, और धर्म के भी गहरे अध्ययन किए जाते थे।

आर्यभट्ट ने शून्य की खोज की, चरक ने चिकित्सा शास्त्र में योगदान दिया, और पतंजलि ने योग को स्थापित किया। भारत ने अपनी खोजों और विचारों के माध्यम से दुनिया को दिशा दी।

School Excellence Program Republic Day Celebration - School Name

आध्यात्मिकता और दर्शन:

भारत की धरती पर जन्में महान संतों और विचारकों, जैसे गौतम बुद्ध, महावीर, और आदि शंकराचार्य ने दुनिया को शांति, सहिष्णुता, और प्रेम का संदेश दिया। उनकी शिक्षाएँ आज भी पूरे विश्व में अपनाई जाती हैं।

सांस्कृतिक विविधता और सहिष्णुता:

भारत ने सदियों तक अपनी विविधता को सम्मान दिया और एकता के साथ रहना सिखाया। यह देश धर्म, जाति, और भाषा के भेदभाव से ऊपर उठकर हर किसी को अपनाने वाला रहा है। इसी कारण भारत हमेशा शांति और सहिष्णुता का प्रतीक रहा है।

विज्ञान और खगोलशास्त्र का योगदान:

प्राचीन काल में भारतीय वैज्ञानिक और खगोलविद, जैसे भास्कराचार्य और वराहमिहिर, खगोलशास्त्र और गणित के क्षेत्र में अग्रणी थे। 'सूर्य सिद्धांत' और 'अर्थ का घूर्णन' जैसी खोजें भारत की उन्नति का प्रमाण थीं।

कला और संस्कृति का प्रभाव:

भारत की नृत्य, संगीत, और साहित्य की परंपराएँ इतनी समृद्ध थीं कि वे दुनिया के हर कोने में अपनी पहचान बना चुकी थीं। भरतनाट्यम, कथक, और ओडिसी जैसे नृत्य केवल कला ही नहीं, बल्कि हमारे सांस्कृतिक इतिहास के प्रतीक थे।

निष्कर्ष:

भारत को 'विश्व गुरु' कहा जाता था, क्योंकि यहाँ से दुनिया ने ज्ञान, नैतिकता, और मानवता के मूलभूत सिद्धांत सीखे। यह हमारी जिम्मेदारी है कि हम अपनी इस महान धरोहर को समझें और इसे आगे बढ़ाएँ।

आज, भारत फिर से 'विश्व गुरु' बनने की ओर अग्रसर है। लेकिन इसके लिए हमें अपने पूर्वजों की सोच और मूल्यों को आत्मसात करना होगा। आइए, हम सब मिलकर उस भारत का निर्माण करें, जो न केवल शक्तिशाली हो, बल्कि नैतिकता और ज्ञान का प्रकाश स्तंभ भी हो।

धन्यवाद।

जय हिंद।

Speech: "How India Will Become Vishwa Guru Again"

Respected Principal, Honorable Teachers, and My Dear Friends,

Today, I stand before you to share my thoughts on how India can reclaim its esteemed position as *Vishwa Guru*, or the "Teacher of the World." Reflecting on our rich history, it's evident that India was once a global leader in knowledge, culture, and innovation. The question now is: How can we achieve this stature again in the contemporary world?

1. Economic Growth and Development

India's economy has shown remarkable resilience and growth. In the fiscal year 2022-2023, India's GDP grew by 7.2%, making it one of the fastest-growing major economies.

[World Bank Group](#)

Projections for the fiscal year 2024-2025 estimate a growth rate of 6.4%.

[Reuters](#)

This consistent economic expansion provides a robust foundation for our aspirations to become a global leader.

2. Advancements in Education and Skill Development

Education is the cornerstone of any progressive society. The World Bank has supported India's education sector with approximately \$2.3 billion, covering primary, secondary, and tertiary education, as well as skills development for our young population.

[World Bank Group](#)

This investment has facilitated the training of over 7 million young individuals, with 44% being women.

However, challenges remain. A recent report highlights that India's higher education system must address research, talent, and digital gaps to align with the country's economic ambitions and secure global competitiveness.

[Forbes](#)

By focusing on these areas, we can cultivate a workforce that is not only skilled but also innovative, propelling India towards global leadership.

3. Technological Innovation and Digital Transformation

India is rapidly emerging as a significant player in the global AI landscape. Projections indicate that India's AI services market will be worth \$17 billion by 2027.

School Excellence Program Republic Day Celebration - School Name

Time

Our robust IT industry, valued at \$250 billion, and a workforce of nearly 5 million programmers provide a strong foundation for this growth.

Initiatives like the proposed Digital India Act, 2023, aim to foster digital economy growth and protect citizen interests.

Grant Thornton Bharat

By embracing technological advancements and fostering innovation, India can lead the world in the digital age.

4. Cultural Heritage and Soft Power

India's rich cultural heritage and values of peace, tolerance, and diversity have always been our strength. By promoting our arts, traditions, and philosophies on global platforms, we can enhance our soft power, influencing the world through culture and values.

5. Sustainable Development and Climate Leadership

As the world grapples with environmental challenges, India's commitment to achieving net-zero emissions by 2070 positions us as a leader in sustainable development. By investing in renewable energy and sustainable practices, we can set an example for the world to follow.

Conclusion

In conclusion, by leveraging our economic growth, investing in education and technology, promoting our cultural heritage, and leading in sustainable development, India is well on its way to reclaiming its status as *Vishwa Guru*. It is upon us, the youth of this nation, to carry forward this vision with dedication and integrity.

Thank you.

Jai Hind.
